

REQUEST FORM “THREAD UNSCREWING UNITS”

Project name:

Name:

Company:

Department:

Address:

Country: Date:

Phone: Fax:

E-mail

Product name:

Number of cavities:

Number of pieces per year:

Oil engine variant:

Thread pitch including shrinkage: mm

Diameter of the thread: mm

Total length of the thread: mm

Direction of rotation of the thread:

Transfer coefficient of the thread: - consistently

Active-core cooling required (yes / no)

Axial injection forces (yes / no): KN

Plastic name:

Mold temperature : °C

Length of the thread cores: mm

Is the thread core performed

How many core-pullers have the machine?

Type: 1 way / 2 way / 4 way /
8 way / angle / mini

Custom made? Description for special version:
.....
.....
.....

We also require a 3D data set or a design draft from which it is apparent, in which the mounting position unscrewing/ are to be integrated into the tool.
