

DIAMOND PRODUCTS

STANDARD DIAMOND FILES

- All standard and long type diamond files are in medium grit size 120-150 mesh. All shanks are 1/8".
- For use on carbide, stainless steel, hardened steel, glass, ceramics and other hard materials.

Diamond Foil

Part No.	Grit	Part No.	Grit
95000	120	95040	600
95010	150	95050	800
95020	200	95060	1200
95030	400		

Virgin diamond abrasive grains electroplated to a very thin flexible metal foil. PSA adhesive backing provides great flexibility. Simply cut foil to size and remove backing paper to affix to your holder. Using the variety of grits available, this is an inexpensive way to make fast cutting tools.

No lubricant is required.

Size 2" x 4" sheets
